Gotcha, I'll reach out to Mandy in UHRC. Thank you so much

Hi Kevin,

UHRC handles all portapotty requests.

I can contact them directly. But it's possibly faster if the council office contacts them directly.

Let me know.

Thank you so much.

Hi Diana,

If possible, we would like this portapotty to be removed by the UHRC. Do you need me to request this of them directly?

Thanks so much for getting back to me Diana. We may want to have it removed, but we are trying to get some more info first... how often is it being used, is it better to have it there or to remove it, etc... let me get back to you!

Hi Kevin,

It was most likely UHRC as they handle deployment of portable potties.

Did you want to remove it?

Hi Diana,

I have received some complaints from folks who live in the neighborhood about a Portapotty that is located at Beverly and Hayworth, next to the Goodwill at [7919 Beverly Blvd](#). Do you know if Sanitation or maybe the Mayor's UHRC put this portapotty there?

Hi Kevin,

Thank you for providing us vetting locations for the MHU.

Can you please provide me with your 5 **TOP** locations from the list you provided?

We want to ensure that these are the first locations on the list, so that your top 5 can be vetted first.

Thank you so much!

Here's what we got...hope this is sufficient!

1. Sepulveda under the 10 freeway, near Sardis/Bentley/Brookhaven
2. Sepulveda and Pico
3. Cotner between LaGrange and Missouri
4. Train station at Westwood and expo
5. Intersection of overland and pico
6. Corinth and Santa Monica Blvd (adjacent the dwp station)
7. National and overland Ave
8. Beverly Blvd and Orlando
9. Beverly Blvd and Fairfax
10. Fairfax just north of 3rd St ([115 S Fairfax Ave](#))
11. Genesta Park (in encino)

Hello,

I am sending this email in regards to the Mobile Hygiene Units.

There will be a deployment of about 13 trailers starting July 31st.

We will need new "vetting" locations from you (as many as you want), however, please remember the trailer needs to be near a fire hydrant no more than 50 feet away. An alternative that can also work would be a water source via a hose bib connection (see attached photos as reference).

Ideally, we will need these locations as soon as they become available.

If you have any questions, you can contact me or the MHU specialist - Jasmin Mouflard-Kozowy @ 213-713-5228 ([jasminhygiene@gmail.com](mailto:jasminhygiene@gmail.com))

Thank you so much!
